

### The Exception Has Become the Rule

To remain competitive, collegiate lacrosse programs are now searching for more dynamic athletes who are willing to play until the whistle stops blowing. Nation United was founded to feature diverse lacrosse players who have the "tools" that coaches are looking for. Our ambassadors are explosive athletes who have the skill set and mindset to dominate the field. Our young men are selected because they also excel academically and have outstanding character and leadership skills.

This is the Nation United Recruiting Portal.
